## Larger Business

If the business of any retailer in this community is to grow bigger in the years to come, it will not be a matter of accident or due to an increase in population only—it will be the result of intelligence added to energy, plus ADVERTISING.

Wherever you find a big, flourishing business you will find a strong, pushing man of indomitable spirit, driven by the power of these 5 words—"I can and I will." This man advertises—he MUST deliver his message to those with ears to hear. Multiplied customers and larger turnovers are absolutely essential to his progress.

### A WORD TO THE PUBLIC

Help on the business of those who show themselves eager to have your custom—who invite it and prize it enough to ask for it. Shop where you receive the best service, values, and goods. Reward with your favor those who solicit your favor by messages addressed to you each week in our advertising columns.

## Another Auto Accident

A bad auto smash-up occurred on Monday night on the hill on the south side of the Rosebud coulee, leading north from town, when a big new Columbia Six auto went over the bank, turned turtle and smashed the top gear completely; the three occupants escaping death by a very narrow margin. Two of the men escaped with a very severe shaking up but the third received some very bad cuts and bruises and had to be taken to the Didsbury General Hospital.

It is reported that the car was owned and being driven by Mr. F. Bright of Olds.

## Gasoline Storage Sheds Catch Fire

The town fire bell again rang out an alarm on Monday night shortly before 11 o'clock when it was found that the north end of the big shed, on the east side of the railway track, used by Mr. W. G. Liesemer to store gasoline, was on fire and because it was known that gas was stored there a great deal of fear was felt as to its outcome. However, through the promptness of Mr. Sam Franklin, who was visiting his parents in east Didsbury and saw the flames breaking out, and Mr. Ward Keith who was passing with his car at the time, the engines were soon at the scene of the fire and it was put out before it reached the gasoline drums.

The fire seemed to have started in the northeast corner of the shed but no one seems to know the origin. The building is far enough away from all other buildings so that there would not have been much danger but if the explosive contents had gotten properly heated up it is hardly likely that any of the plate glass windows on Railway Ave. could have survived.

## Annual Meeting Curling Rinks, Ltd.

The annual meeting of the shareholders of the Didsbury Rinks Ltd., was held on Monday evening, a very good attendance of shareholders being present to elect officers and carry on for another season.

The officers elected were President, W. G. Liesemer; Vice President, Dr. J. L. Clarke; Sec-Treas., E. E. Freeman; Directors, J. V. Berscht, J. M. Reed, J. H. Lowry, Alex. Campbell, A. G. Studer.

The Carnival committee is composed of J. W. Phillipson, Dr. J. L. Clarke and T. Thompson. It was decided that another big carnival will be held on January 1st again this year, and that special stunts will be held at different times during the winter.

The price of season tickets was put at \$4 for gentlemen, \$2 for ladies and children and under 15 years \$2. All persons using ice, including hockey players, must pay regular charges for skating or have season tickets.

## Chicken Supper a Success

The chicken supper and concert held in the Opera House by the Didsbury Women's Institute on Friday evening last was a great success. The splendid assortment of "rats" was greatly enjoyed by the large number present who did full justice to the good things provided. After the supper a fine programme of music, recitations and songs was given and Rob Pearson, M. L. A., of Calgary, gave a splendid address. Capt. Shaw, M. P., was unable to attend the big meeting of the Progressives held in Winnipeg on Saturday so Mr. Pearson was secured in his place.

The sale of poppies, also held by the Women's Institute on the same evening netted a fine sum of money. Everyone was seen wearing this bright token in memory of Armistice Day and all that it meant.

## Found Dead in Shack

Grant Murphy, a bachelor who lived about 15 miles west of Carstairs and a well known character in that town, was found dead in his shack by a neighbor, Kent Blackburn, on Sunday morning. He had been unwell for some time and Mr. Blackburn, who lives near him, was in the habit of calling on him to see how he was getting along and found him dead, having been attacked by a severe hemorrhage at some time between his visits. Dr. J. L. Clarke, Coroner, Didsbury, and Const. J. S. Jarman of the Prov. Police, Olds, went down on Monday morning to investigate but found that death was caused by the hemorrhage and that no request was necessary.

## Visitors From the United States

Growing Popularity of Canada With  
American Tourists

The Wall Street Journal and other  
American papers attribute the in-  
creasing popularity of Canada with  
American automobile tourists largely  
to the sale of automobiles in some  
parts of this country. Refreshments  
of the spirituous kind probably have  
less to do with attracting the United  
States tourists than some people  
imagine, however. Of the 617,000  
American cars that entered Canada  
last year, 287,000 passed the customs  
in Ontario and only 32,000 in Quebec  
and 26,000 in British Columbia.  
Of course many of those entering  
at Ontario cities would go on to Que-  
bec, but it may be assumed that the  
majority of the tourists are induced  
to Canada by other attractions than the  
Quebec and British Columbia liquor  
laws. — From the Ottawa Journal.

## A New Tower Of Babel

Monster Labor Temple Proposed by  
The Moscow Soviet

Those who laugh at the idea of a  
factory repeating itself will have to re-  
consider their incredulity when they  
read before the latest announcement  
from the Moscow Soviet, says the  
Montreal Star. This is nothing less  
than the construction of a building to  
have the largest floor in the world,  
to cost seventy million dollars, to ac-  
commodate several thousands of peo-  
ple, and to be known as a labor tem-  
ple.

The obvious intention of the Soviet  
in planning such an edifice is to divert  
the attention of the wretched Russian  
labors from his present painful con-  
dition, and provide him with some-  
thing that will keep him quiet for an  
other brief space. The Tower of  
Babel was begun with intentions not  
very far removed in basic principle  
from those of the Moscow Soviet. It  
was never completed. If we are to  
accept the historic record and the exist-  
ent ruin as proof.

But the Moscow temple may very  
easily be completed. If the Soviet  
treasury holds out, Moscow will  
then enjoy the unique distinction of  
being the city with the second build-  
ing and the record public suffering. It  
is doubtless a distinction in which  
the Soviet will rejoice greatly, but even  
the dulled intelligence of the moujik  
will eventually penetrate the pretence.  
When it does, the doom of the Soviet  
regime will be sealed and Russia will  
start on the road to freedom.

## Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children.  
Roods are specially prepared for babies. A baby's medicine  
is even more essential for Baby. Remedies primarily prepared  
for grown-ups are not interchangeable. It was the need of  
a remedy for the common ailments of Infants and Children  
that brought Castoria before the public after years of research,  
and no claim has been made for it that its use for over 30  
years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Purgative,  
Drops and Soothing Syrups. It is pleasant. It contains  
neither Opium, Morphine nor other narcotic substance. Its  
age is its guarantee. For more than thirty years it has  
been in constant use for the relief of Constipation, Flatulency,  
Wind Colic and Diarrhoea; allaying Feverishness arising  
therefrom, and by regulating the Stomach and Bowels, aids  
the assimilation of Food, giving healthy and natural sleep.

## Potatoes In Canada

There has been a generous harvest  
of potatoes in Canada this year, the  
total yield being 35,152,100 bushels, of  
which the three public provinces of  
Manitoba, Saskatchewan and Alberta  
produced 15,055,000 bushels. The  
largest production was in Quebec with  
5,000,000 bushels, Ontario next with  
18,400,000 bushels, then New Bruns-  
wick with 3,715,200; Nova Scotia, 7,  
675,100; Prince Edward Island, 3,174,

## HOW TO REGAIN YOUR GOOD HEALTH

It Can Be Done Through Keeping the  
Blood Supply Rich and Pure

There is not a nook or corner in  
Canada, in the cities, the towns, the  
villages, on the farms and in the  
mine and timber-camps, where Dr.  
Williams' Pink Pills have not **•••** on  
hand, and from one end of the country  
to the other kind words have been  
said on this medicine.

You have only to ask your neigh-  
bors, and they can tell you of some  
hematonic or nerve-shattering ailment,  
some suffering woman, ailing youth or  
maimed girl who has been benefited  
by Dr. Williams' Pink Pills. For  
more than a third of a century these  
pills have been known not only in  
Canada, but throughout the world as a  
reliable tonic, blood-enriching medi-  
cine.

The success of Dr. Williams' Pink  
Pills is due to the fact that they go to  
the root of the disease in the blood,  
and by making the blood fluid and  
they strengthen the organs and nerves  
of the body. Mr. A. M. Large, Vir-  
ginia, P. M., writes his testimony to  
that of thousands of others who have  
found benefit through the use of this  
medicine. He says: "About three  
years ago I became dreadfully run-  
down. So much so that I had to stop  
work altogether and being a carpenter,  
and badly engaged, the outlook  
was gloomy. I became so reduced  
that I would have to rest even after a  
short walk. My appetite almost com-  
pletely failed. The doctor whom I  
consulted told me I would have to take  
a prolonged rest, and gave me a bot-  
tle of medicine, which, however, did  
not help me. Then a good friend  
urged me to try Dr. Williams' Pink  
Pills, and I got a supply and before  
long felt an improvement. From that  
on I continued to gain and was able to  
resume my employment. I continued  
taking the medicine until longer  
and now feel as vigorous as I ever did."

You can get these pills through any  
medicine dealer, or by mail at 25 cents  
a box or six boxes for \$2.50 from The  
Dr. Williams' Medicine Co., Brock-  
ton, Mass.

The ankle skirt was removed ulti-  
mately and permanently removed from  
the wardrobe of 200,000 New York  
Women by the action of delegates to  
the convention of New York City  
Federation of Women's Clubs in vot-  
ing unanimously to wear dresses no  
longer than seven inches from the  
ground. The resolution sounding the  
death knell of the long skirt urged  
women everywhere to free them-  
selves from apparel now being three,  
three and a half, four, five, six, seven,  
eight and nine inches long. They now  
sweep the ground and carry germ  
laden dirt into the home. The club  
women also urged that garments be  
made of sufficient material to permit  
freedom of all parts of the body.

# Premier Bonar Law Announces Personnel Of His New Cabinet

London.—Premier Bonar Law has today issued the list of the remaining officers of his Government, in which there is again a full infusion of new blood into the House of Lords. The appointment of a number of persons does not necessarily mean that he has yielded to the Laborite clamor against the proposed abolition of that ministry.

## MOTHER!

Your Child's Bowels Need  
"California Fig Syrup"

Happy Mother! A case of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well-played child again. Even a cross, fretful, constipated child, loves its "figs." Taste, and mothers can rest easy, because it never fails to work all the stomach and bowels right out of the room, and bowels without straining or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Another, you must say "California." Before any imitation.

But it is considered more likely a merely formal appointment in order to carry on the work until the ministry can be abolished by legislation. Action against abolition of the pension ministry, however, is gaining ground.

Sir Montagu Barlow, who was parliamentary secretary to the Labor ministry in the Lloyd George cabinet, becomes minister of labor, and the pensions portfolio is taken by Major George Clement Tyron, who was also a parliamentary secretary under the Lloyd George regime, being connected with the ministry which he is now to lead. Sir Samuel Hoare is appointed air minister, and Neville Chamberlain, M.P., a brother of Right Hon. Arthur Chamberlain, and who has just recently returned from a visit to Canada and the United States, as postmaster-general.

## No Reciprocity Treaty

U.S. Senator Does Not Expect Reciprocity Pact With Dominion  
Washington.—No reciprocity treaty with Canada is likely to be brought about, according to Senator McCumber, chairman of the Senate Finance Committee. He points out that the tariff act makes no provision for reciprocity, and that a special treaty would be needed. He doubts whether this could be arranged or ratified by the Senate.

Senator McCumber does not believe the tariff law will seriously cut down importations, and predicts it will not seriously affect Canadian trade with the United States.

Hard Winter Facing Germany in Opinion of Chancellor Wirth

Berlin.—Chancellor Wirth received members of the reparations commission and, in welcoming them, expressed special pleasure at seeing M. Dardigny as the new chairman.

Stabilization of the mark, in his opinion, was the first problem confronting Germany. Only steady action, he said, could save the situation and Germany's productive capacity.

Mrs. Eliza W. Stiles, East Waterbury, N.H., writes: "I have raised a family of ten children and have always used Dr. Fowler's Extract of Wild Strawberry for summer complaints, and it has never failed."

Four years ago, when the children were about one to my youngest child, I told them about "Dr. Fowler's" and after taking it they were soon well again. I also told it to two of my own children at the same time when they were having blood and a few days soon made them well.

### Sends Greetings

Address Sent to Bonar Law Conveying Assurance of Solidarity Among Allied Nations

Rome.—Benito Mussolini has sent a message to the British Prime Minister, Mr. Bonar Law, and the French Premier, M. Poincaré, announcing his accession to the presidency as "the representative of Italian ideals born at Vittoria Veneto." The message conveys cordial greetings and assurance of solidarity among the allied nations, which, Mussolini adds, "I regard as indispensable for the effectiveness of their political action."

A communique issued by the command of the Roman Legion announced that, by Premier Mussolini's instruction, any action taken by the Fascist, either collectively or individually, which is directed against Communists or persons presumed to be Communists, will be repressed with the utmost severity, and the responsible leaders prosecuted and punished in an exemplary manner.

## Embargo Finally Removed

After years of active campaigning on the part of the Dominion government and the Canadian stock industry, with the very hearty assistance of numerous interests in the old country, a new agreement has been reached governing the importation of Canadian cattle in to the old country, which finally removes the "embargo" which had been placed against shipments from Canada.

Under the new terms our non-breeding cattle will be admitted on a three-day quarantine period either at point of embarkation and must have a clean bill of health to start with and be subject to daily inspection on board.

Breeding cattle are to be admitted under similar regulations, but in addition, must have received the test for tuberculosis within a month previous to shipment.

Canada has no complaint against the new agreement which was negotiated in its behalf by Hon. W. S. Fielding, Hon. Ernest La Pointe, Dr. J. H. Grisbald, deputy minister of agriculture, and Duncan Marshall, commissioner of agriculture, who were in consultation with the Lloyd-George government and approved by its successor in office.

In announcing the terms of the agreement which has now been ratified by the British parliament, Hon. W. R. Matherwell, Dominion minister of agriculture, said Canadian shipment shall be made from Canadian ports only and direct to Great Britain. Before cattle are moved from shipping points they must be free from cattle plague, pleuro pneumonia, foot and mouth disease and mange, the inspections there, in transit and at point of embarkation to be performed by Dominion veterinarians and the cattle when landed at specified ports to be inspected by British veterinary officers, and the cattle must be kept from contact with others.

Reciprocal terms applicable to importations from the old country are included in the agreement. Market Examiner.

Miss Berta Wiegand spent the week end in Calgary.

Everybody is in the well business just now. Cliff Bellamy is doing the work. He drilled a well for Arden Deadrick, cleaned a well out for Mr. Chapman and is at Mr. Wrightson's drilling at present.

Miss Pearl Ruby is assisting Mrs. L. B. Fulkert. Mrs. Fulkert has been ailing for some time with a severe case of lumbago.

Alvin Leigh, Spencer Hughes and Ivan and Doris Wilson returned from a hunting trip last week. A Leigh brought back a large rabbit so I heard.

Hauling wood seems to be the order of the day. Mr. Gregory is hauling from north of Dids and the Deadrick boys and Mr. Leigh from west of Didsbury.

Skating is the fashion now-a-days. Quite a crowd was on the Johnson Lake last Sunday.

### AN UNFAIR CRITICISM

The assertion has been made in the Westerdale Municipality but because the Didsbury Pioneer charges for the publication of the minutes of the proceedings of the Council of the Municipality that the Municipality could not afford to have them published. Mr. A. F. Cowitz, our informant states that this assertion has been made several times to several people.

In justice to ourselves we wish to state most emphatically that at no time in the eighteen years that we have been publishing the Pioneer have we made charge for publishing these minutes or received even so much as thanks for publishing them. The minutes of the two municipalities, Westerdale and Mountain View, were published for some time until a year or two ago when as the minutes were at all times open to the public at the Secretaries' offices it was not considered necessary to publish them. In fact unless the complete discussion of motions or any other matter coming before the Council could be given in full they could not be complete and as far as financial matters are concerned if the publication of

every item coming before the Councils for payment were published the Secretaries thought that it would be asking too much of us to publish them for nothing.

This paper has always been open for the publication of anything for the welfare of the community and no pay has been asked or received, in fact it has been seldom that even thanks have been expressed for anything that has been done.

If copies of these minutes are supplied to us the most important items will be published.

The Editors.

Special revival services are being held in the Zella school beginning on Sunday, November 12th and will continue for about three weeks. Meetings at 8 o'clock p. m. and at 3 and 8 p. m. on Sundays. There will be no evening meeting in Didsbury Nazarene church on Sunday, November 19th, otherwise the services will be held their usual hour. Everyone is cordially invited. S. Kaehle, pastor.

## Crerar Resigns Leadership of Progressives

Hon. T. A. Crerar resigned his leadership of the Progressive forces in the house of Commons on Friday last at a meeting of members of the Progressive party held in Winnipeg. He also stated that he considered resigning as member of parliament for Marquette, Man. His reasons for resigning were his many duties as president of the United Grain Growers Limited and personal affairs, which have had to take second place during the last two years because of his political responsibilities.

## ROBT. FORKE OF BRANDON ELECTED LEADER

WINNIPEG, Nov. 13. Selection of Robert Forke, M. P. for Brandon, Man., leader, succeeding T. A. Crerar; adoption of the policy of "broadening out," as formulated by Mr. Crerar in his valedictory address, and a unanimous expression of "unalterable opposition to fusion or 'formal co-operation'" with the Liberal party, featured the concluding sessions of the Progressive members here Saturday night.

Forke, member for Brandon, and sitting in the house of commons for his first term, is described as a moderate. He was elected over J. T. Shaw, of Calgary, in a secret ballot after J. A. Hoy had positively declined the nomination. The vote was not announced, but it is stated that the support for Mr. Shaw, who was not in the caucus at the time, was limited to his Alberta colleagues.

Mr. Shaw had told his friends that he was not a candidate for the leadership, and had been present at the time, probably he could have withdrawn his name.

"Unalterable" opposition to fusion or formal co-operation with the Liberal party was expressed unanimously, and this was taken as ending "once and for all the rumors circulated by interested politicians and uninformed newspapers."

Mr. Forke's described official as "leader of the Progressive party" but it seemed to be fully understood that in reality he is house leader with the assistance of a committee of eight members and that the whole question of leadership will be reviewed at the national convention which it is proposed to call next summer.

Organization to co-ordinate the efforts of all persons in Canada to support the new national policy of the Progressive party in Canada was emphasized at yesterday afternoon's and evening's session of the federal Progressive members in conference here.

A tentative plan for such an organization was outlined by Hon. T. A. Crerar and discussed at length. The meeting was generally of the opinion that a central body was necessary, particularly as the Canadian Council of Agriculture which formulated the plan of 1916 was not in politics, and it was necessary that the platform should be revised. Furthermore missionary work in other parts of Canada was necessary, and other reasons were also advanced by various speakers why a national organization was desirable.

**Breadth of Policy**  
"The question of the breadth of the Progressive policy was also discussed, the general opinion being that Progressives would be willing to co-operate

with all who believed in the principles for which they stood. Members quoted business and professional men who had served on their constituency committees in the last campaign and members whose constituents were part urban and part rural described the methods of organization in their constituencies.

## Tanlac Does The Work, States Rickson

Still another who echoes for the fact that "Tanlac makes you eat, feel better, sleep better, work better and feel better," is Jerry Rickson, 1001, 4th St. West, Calgary, Alberta, Canada. Mr. Rickson said:

"For ten years I was in a terrible rundown condition, and kept getting worse. I was in such bad shape I fell off from a hundred and fifty-eight pounds to a hundred and thirty, and I felt like I took a night off for me to keep on working. My nerves were very shaky, and I got but very little rest nights. My appetite diminished to almost nothing and even when I did venture to eat a regular meal I did not get good nourishment."

"I saw by the papers where Tanlac was being praised for its use of *Stimul*, so I started taking it, and I sure enjoyed it. Five bottles put me in fine shape again. I eat heartily, sleep soundly, and have gained back a lot of my lost weight. Tanlac does the work without a doubt, and I am here today as glad as I remember it."

Tanlac is sold by all good druggists.

## To Care For Tubercular Women

Saskatchewan Council of Women Will Help to Raise Fund of \$50,000

All the women of Saskatchewan, in whatever part of the province, are invited to lead a hand in raising a fund of \$50,000 for taking care of 50 tubercular women belonging to the province. The Provincial Council of Women has decided to make an effort to raise this sum each year to help along the work of the Sanatorium.

A. R. Cook, Managing Director of the Sanatorium, addressed a meeting of the Provincial Council of Women, telling of the huge programme ahead of them in the treatment of tubercular women. It is to get a Sanatorium built at Saskatoon, and one at Regina within the next two or three years. In addition to the magnificent amount of health work that is being done at the Sanatorium at Fort Qu'Appelle.

He asked the P.C.W. thoughtfully, the women of Saskatchewan had sufficient sympathy with the tubercular, to make them willing to try to get money enough together to pay for the constant care of fifty women who have tuberculosis.

The Provincial Council of Women believed that the ladies of the province would be pleased to have the chance to care for fifty mothers who have no money enough to get treatment for themselves. So Mr. Cook was promised that the P.C.W. will try to make the need known, and that it has the \$50,000 Fund for Fifty Mothers is starting.

Every woman and every woman's club, or Sunday school class, or organization is invited to help with this. F. W. Bates, 2nd Angus Street, Regina, is the P.C.W. Treasurer of the fund. Prompt acknowledgment will be sent to everyone who sends in her own sum or a dollar for this fund, as all donations are sent direct to Mr. Cook at the Sanatorium, Fort Qu'Appelle, for the Fund for Fifty Mothers, a receipt will be mailed at once to the sender.

### GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds and hay fever. The next cold and sore throat unless the mother is on her guard, the little ones are seized with colds that may hang on all winter. Baby's own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose of the Tablets will prevent colds, or if they come on suddenly, their prompt use will relieve the baby. The Tablets are sold by medicine stores or by mail at 27 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

Angler from Alabama is Winner Of Trophy For 1922

It is announced by the Canadian National Railway that Mr. C. R. Abbott, of Bessemer, Alabama, has been declared the winner of the Nipigon Trophy for the season of 1922. This trophy is donated by the railway for annual competition in non-resident anglers, and is held by the disciple of Isaac Walton who secures the largest speckled trout in Nipigon waters with rod and line. The trophy caught by Mr. Abbott was 7 pounds, 9 ounces in weight, 27 inches in length, and 15 inches in girth. It was caught on a single hook with cornmeal bait.

## OIL LIGHT BEATS ELECTRIC OR GAS

BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, to simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (costless). The inventor, T. V. Johnson, 528 McDermott Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

## JUTLAND

Our young friend Johnnie Haynes one day last week thought his father had too much feed for next winter so held a burning match to it and burned it to the ground. It consisted of the straw of his entire crop, of which some was very nice green fodder.

Mr. Corale Stumpf, who lives about four miles north of here, is having an auction sale of his entire stock and farm equipment on November 14th. Mr. Stumpf is leaving for Ontario with his mother shortly after. Let's all go and swell the crowd at his sale and give Corale a good send-off; he was a very jolly sport among us here. No doubt circumstances cause Corale to leave this part of the world. We only hope that he will return again, as we know he will. That's what everybody does that leaves the country.

## JUDGES REPORT OF DIDSBURY FAIR

The Didsbury Fair officials are to be greatly commended for the excellent report which follows from the Superintendent of fairs of the Dept. of Agriculture:

A good successful fair. The exhibit of horses was good. Entries were numerous and

horses of very good quality. Cattle exhibit was also good. Better classes for sheep are suggested. Grains and vegetables made a good showing. The management of the fair was first-class and was well supported by local farmers. The public were eager in regard to exhibits and judging and the competition among the exhibitors was keen, especially in the horse classes. A good fair, and management deserves credit.
